

/home/bala/workspace
/Midterm project/CPP
-RRT/include/Obstacle.h

```
graph TD; A["/home/bala/workspace  
/Midterm project/CPP  
-RRT/include/Obstacle.h"] --> B[iostream]; A --> C[vector];
```

The diagram illustrates a file path structure. A top box contains the path `/home/bala/workspace`, `/Midterm project/CPP`, and `-RRT/include/Obstacle.h`. Two arrows point from this box to two separate boxes below, labeled `iostream` and `vector`.

iostream
